

# HISTORIC VEHICLES LIFESAVER FITTINGS CATALOGUE FITTINGS NOT AVAILABLE

We frequently remanufacture lines for old Historic Vehicles, old Tractors, old Forklifts etc where catalogue fittings are not available.

If your end fittings are not "Catalogue" fittings, you will need to send old lines to **auMotorSport**.

We can reuse old fittings using "Lifesaver" fittings to **remanufacture** new lines.

We can supply/dispatch ANY MAKE / ANY MODEL within 2 to 3 working days.

LIFESAVER

**IMPORTANT COMPLIANCE NOTICE**

Once a lifesaver is used to reclaim a fitting, it is necessary to spray the finished end (after crimp/test) with CRC paint #2087.

This final step must be taken to ensure the hose complies with the Rust Preventative requirement of ADR42/04.

This is available from any CRC distributor.

**MAPP GAS TORCH KIT**

This Mapp Gas Torch Kit is available through all BOC Gas stores.

**MAPP GAS CANISTER & TRIGGER KIT**
